

E2E-1 Test

Context

The purpose of the E2E-1 test is to validate the IOR submission process.

Inputs from the Instrument Teams (IT) will be related to the LTP SOWG13 LTP planning exercise (see details in <https://issues.cosmos.esa.int/solarorbiterwiki/display/SOSP/SOWG+13+LTP+planning%3A+Context+and+Preparations>)

The delivery plan of the E2E-1 datapackage for RPW is detailed in [RPW E2E-1 TEST DATAPACK RELEASE](#).
